

Hurricane Season

Don't Get Caught Without Water

Store Water

- Store at least 1 gallon of water per person per day in sterilized sealable containers for drinking and cooking. Save enough water for 7-10 days.
- Fill bathtub and containers with water for non-drinking purposes.

Stay Informed

- Follow us on Facebook, Twitter, fkaa.com & radio
- Register for Priority Call at fkaa.com to receive neighborhood specific notices via phone, text, and email.

Precautionary/Mandatory Boil Water Notices

If a notice is issued disinfect your water by either

- Boiling for 1 minute, OR
- Adding 1/8 tsp of bleach, OR
- Using purification tablets
